Bird Watching Tour – 3 Days 2 Nights

Overview:

In the lower Kinabatangan, the key bird is the storm's stork which is listed on the endanger species in the birdlife international. Other birds include the illusive Bornean Ground Cuckoo; Borneo has 8 Species of Hornbills and all 8 species are found in Kinabatangan. For nocturnal species, good chance for the large frogmouth and the oriental bay owl.

***Birders will have their own boats and will be separated with General Wildlife Cruise.**

Itinerary:

Day 1: Arrival at Lodge

Morning, pick up from Hotel/Airport/Sepilok and Travel overland to the Village of Bilit in the Lower Kinabatangan Wildlife Sanctuary. Travel time about 2 hours. Upon arrival at the Village of Bilit, take a 15 minutes boat ride to Respective lodge. Check into room. The guide will brief the guests on the activity and birding request in the afternoon. Prepare for Lunch at 1.30pm. At 4.00pm the 1st boat cruise starts for bird watching until nightfall. Return to lodge by 6.00pm. Time to refresh. Dinner will be serving at 7.30pm. After Dinner guest is at leisure. Stay overnight at the Respective lodge

Day 2: Birding in Kinabatangan

Morning, afternoon and optional night river cruise/night walk for bird watching. Stay Overnight at Respective lodge.

Day 3: Departure from Kinabatangan

Pending on your schedule, we might arrange another morning cruise for birding cruise in case we can't find the Bornean Ground Cuckoo in the previous day. Check out at 10.00am and transfer back to Sandakan.
